EX PARTE QUAYLE

This application is in condition for allowance except for the following formal matters:

Claims 1 – 32 are allowable. The only question to be resolved prior to allowance is the question of priority of inventorship, which is properly resolved under interference proceedings. Under MPEP 2304.02 (October 2005), the applicant is required to suggest an interference under 37 CFR 41.202(a) in order to have applicant's view as to how the interference should be declared on record. Guidance for current interference practice may be found in MPEP Chapter 2300 (October 2005) and in Federal Register Vol. 69, No. 155; August 12, 2004; beginning 49990-49996. See also 37.CFR Part 41.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

The applicant's request that an interference be declared under 37 CFR 1.604 and 1.607 filed on March 22, 2000 has been considered, but it does not comply with the requirements for an applicant's suggestion of an interference as described above.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
